PUBLIC HEARING NOTICE

COALVILLE CITY MAIN STREET REVITALIZATION MASTER PLAN

Public notice is hereby given that the **Coalville City Council** will hold a public hearing to receive comment and input on the proposed Main Street Revitalization Master Plan for the City on Monday, September 13, 2004 beginning at 7:30 p.m. at the Coalville City Council Chambers located at 10 North Main Street.

The purpose of the public hearing is to receive comment and input on the proposed enhancements to main street intended to create a sense of place, make main street a destination, make downtown more user friendly, preserve and promote rural/small town qualities, and develop a long range improvement plan.

On August 16, 2004 the Coalville City Planning Commission recommended approval of the proposed Main Street Revitalization Master Plan to the City Council with the following revisions and statements:

1. Locate sufficient parking stalls, including handicapped parking, as close as possible to the entrance of the DUP Building.
2. Retain the Dearden Building parking lot and access from main street.
3. Verify the radius of the bulb-outs and intersection corners to accommodate large truck traffic.
4. Specify street trees be planted that have a high branching canopy and deep root system.
5. The immediate improvements should be the striping of the angled parking stalls along Main Street and filling in or covering up the gutters.

For further information, or to review a copy of the draft Main Street Revitalization Master Plan, please contact Grace Carlsen at Coalville City Hall at 10 North Main Street, Coalville, Utah 84017 or call (435) 336-5981.
